**Advanced Medical Imaging Consultants, P.C. Named to “TOP 100 in the Nation”**

As we celebrate our 40<sup>th</sup> anniversary Advanced Medical Imaging Consultants, P.C is proud to be ranked 48<sup>th</sup> among the top 100 radiology companies in the nation. Advanced Medical Imaging Consultants (AMIC), a Fort Collins/Loveland-based radiology group, has been recently named to the nationwide list of Top 100 Radiology Practices, as profiled by The Radiology Business Journal in its October 2016 edition. AMIC has provided local x-ray, ultrasound, CT, MRI, Mammography and PET interpretations in the region for over 40 years. Our Interventional Radiologists perform state of the art procedures, including interventional oncology procedures. AMIC’s forty-five physicians are Fellowship-trained, subspecialty Radiologists who provide imaging services in Northern Colorado, Southern Wyoming, and Southwest Nebraska.

We have provided diagnostic services for the Northern Colorado region for over four decades, expanding to serve Southern Wyoming and Southwest Nebraska medical communities as well. AMIC radiologists also provide care for many rural and smaller communities via a Picture Archiving and Communications System (PACS). With PACS, local physicians can log on to a secure, HIPAA-compliant website and view a complete study, written report, and key images of their patients’ exams without the need for their patients to travel long distances for care usually available only in larger metropolitan areas.

For more information about Advanced Medical Imaging Consultants radiologists or services, please contact me at [s.podolski@advmedimaging.com](mailto:s.podolski@advmedimaging.com) or 970-416-9160.

Sincerely,

S. H. Podolski III, CPA, CIA, CHBME
